

Another step forward bringing HOPE!

We are so excited to share with you where we are on this journey to bring long term systemic change to our homeless community right here in Huntsville. Before we jump into the details, we want to **THANK YOU**! You are the reason that we can move to a place of real hope for our homeless friends. Each of us are committed to playing the long game and bring real change and real hope. We said yes to embracing the challenge of housing our homeless friends by providing the housing and community needed to not only get off the streets, but to stay off the streets.

> Thank you for saying YES and committing to long term change! Together, we WILL bring our friends HOME!
