A Hopeful Year Ahead A Message From Our Founder

Hello 2022! I am excited and encouraged about this year! A sincere thank you to each of you as you are the pioneers in saying YES in helping us fulfill our mission of HOME for our homeless community. Community of Hope (COH) is uniquely positioned to bring lasting and permanent change as we are addressing homelessness differently. We are filling the gap in services found in permanent supportive and affordable housing. COH is building a village of tiny homes (master plan is above) with supportive services. Community is the key to not only lifting our homeless friends need off the streets, BUT, keeping them off the streets. This is huge win for our homeless friends, and each of you that live in our gorgeous community. As our city grows, so will our homeless population. In this very season of growth for our community, Community of Hope will help us mitigate homelessness and help keep Huntsville from being that next big city with an even bigger homeless problem.

My family and I live in the downtown area and I am seeing homeless individuals in areas they were not in before. Many of you are reaching out and asking if I have met the homeless friend on Drake, around Twickenham Square, close to Publix and CVS on Whitesburg, near Andrew Jackson and Five Points, close to HSV Hospital, not far from Sparkman Walmart, and many more places. A member of our team reached out and noted that they have seen a homeless friend over Chapman Mountain flying a sign, showing population growth outside of the city limits. I have personally served the streets here in Huntsville for 10 years, I know our population is growing. We have much work to do and we are not afraid to tackle the root cause of homelessness or to be apart of the solution. What an incredible journey we are on TOGETHER in mitigating homelessness right here in our city that we all love.

I am excited to share with you exclusively that as of today, we have raised \$445,000.00 towards our goal of \$1,500,000.00. **THANK YOU!** I am hopeful that in 2022 our funding goals will be met so that we can purchase land. This land is truly the catalyst to bringing the much needed lasting change to our homeless community. Thank you for your trust and support, we could not do this without you. I am honored to have you on this journey HOME with us.

Goodness ahead!
