

June 2023 Newsletter

We are halfway through the year. Can you believe that? We are doing some exciting things this month with Community of Hope and we need your help! Keep reading to find out how you can be a part of lasting change in someone's life!

Stories from our Donors

"I first learned about Community of hope when I was listening to the radio and heard about their plan to buy land and create a sustainable housing option for those in need. I felt a call to donate a certain amount of money, that was quite a substantial amount for our family at the time; however, I had made the decision to do whatever I felt called to without hesitation. I immediately set up the donation from a savings account we had. The next day, my husband called me from work and told me that he won a randomized drawing at his work for participating in a health program and he had won the full amount of the donation plus extra! I was reminded of how Jesus teaches his disciples to not worry about what they are to eat or drink or wear but to seek first the kingdom of God and all these will be given to you. I learned more fully that it's not just an obligation or duty to be generous, but that our generosity should be an imitation of God's generosity with us as he gives us everything."

- Angie M.

A Word from our Founder & Chief Goodness Officer, Mandy Kilgore

Our Vision for Home

Our homeless population in Huntsville is growing, and is projected to match that of Birmingham in the next few years. Our beautiful, hopeful city can seem hopeless to our most vulnerable neighbors — our chronically homeless men and women living on our streets. These are the friends we love the most.

We couldn't be more excited to share a unique solution to solving chronic homelessness here in Huntsville. What an incredible opportunity to share this vision with you and have you walk with us every step of the way.

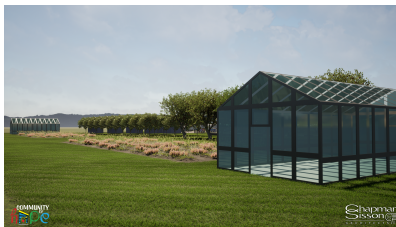

So, I invite you to envision double-digit acres here in gorgeous North Alabama. As you pull up to the property, you will already sense a feeling of home and overwhelming goodness. This property will become a safe haven and a beacon of hope for those that were once filled with hopelessness. This property will become *home* to our Huntsville homeless. It will become a place where dignity is restored and our friends can heal.

We plan to house hundreds of chronically homeless men and women in tiny homes and campers that they will pay rent on. It is an incredibly exciting future as we work towards a community approach to solve homelessness. We also have an exciting short-term solution to lifting friends off the streets beginning right now!

We know that housing alone won't solve homelessness — but community will. Together, we can bring our friends home!

Here's to Goodness!
Mandy
